Venue: St John's Church Hall, Broadbridge Heath, West Sussex

Dear Colleague,

I am writing to inform you of the next course for teachers who wish to find out more about working with the Stringbabies approach to teaching strings and general musicianship.

Stringbabies is an approach developed for teaching strings and general musicianship to KS1 but is also used with older children and children with special educational needs.

Stringbabies is aimed at Violin, Viola & cello students and is being increasingly adopted by teachers throughout the UK and abroad as a 'way in' to reading & comprehending music in step with development of instrumental technique & aural skills. It is currently being developed for flute and recorder.

Stringbabies has a lengthy track record of measurably enhancing sight-reading and aural skills.

Stringbabies is now in its 3rd year of being delivered to years R to 3 (Primary 1 -4 in Scotland) at Surrey Arts and is also being delivered by Music Cornwall. Since the publication of the National Music Plan, there has been increased interest expressed by Music Services throughout the UK, as **Stringbabies** specifically addresses the needs of children aged 3 years upwards.
